Each class will learn about different parts of the world as they will do activities, learn about, and have fun celebrating different areas. Travel Around the World~

- Adventures
- Arts and Crafts
- Cultures
- Games
- Sports
- Team Building
- Travel Competitions

We will have the opportunity, as a school to play the games, share the learned information with the other classes, and enjoy being a part of "Travel Around the World 2019".

Our summer school this year will be May 29–June 28th. We have added 3 extra days, hooray! Summer school gives our students the opportunity to explore and research new and exiting topics with deeper appreciation.

The summer school attendance policy is different than during the school year. Students are allowed to go to whatever summer school program they want which allows students who do not live in the Lonedell District to attend our program. What a wonderful opportunity to meet new and returning students; we are always making new friends.
